EDUCATION

Shri Ram Institute of Science and Technology

Bachelor of Technology in Computer Science and Engineering - 8.04 (CGPA)

Jabalpur

2021-2025

Vallabh Higher Secondary School

XII | X , MP board

Jabalpur

2021 | 2019

TECHNICAL SKILLS

Languages: Java, C, HTML/CSS, JavaScript

Tools: VS Code, Eclipse, Git

Database: MySQL

Core: Data Structures, Object-Oriented Programming

PROJECTS

Emotion-Based Music Player | Python, Streamlit, Keras, TensorFlow, OpenCV

June 2024

- Developed an application that detects user emotions (e.g., joy, sadness) in real time through facial expression recognition using a webcam.
- Built a personalized music recommendation system that automatically suggests songs aligned with detected emotions.
- Improved user experience by promoting mood regulation and stress relief through tailored music selections.
- Integrated real-time emotion detection with music playback for a seamless, interactive interface.

Web Application | Java, JSP, Servlets, HTML, CSS, JavaScript

Present

- Developed a JSP-based web application with multiple interactive pages (Home, About, Menu, Welcome) to demonstrate navigation and UI design.
- Engineered frontend design using HTML, CSS, and JavaScript with JSP/Servlets for dynamic content rendering.
- Deployed the application on Apache Tomcat server using Eclipse IDE, following MVC architecture for clean separation of concerns.
- Improved usability by adding custom styling, back button navigation, and smooth page transitions.

CERTIFICATIONS

Wipro TalentNext Certified

Java Full Stack

Oct-2024

Infosys Springboard Certified

Programming in Core Java

Sep-2024

Infosys Springboard Certified

Front-End Web Developer

Dec-2024

Geekster Certified

Java Programming Fundamentals

Aug-2024

ADDITIONAL ACHIEVEMENTS

- 5-star rating in **Java (Basic)** on HackerRank.
- Completed the course **"Saving Time by Setting Goals"** on Infosys Springboard.
- Achieved **"Professional Skills (Career and Team Skills)"** course offered by Reliance Foundation Skilling Academy.

INTERNSHIPS

TechnoHacks EduTech | Web Development Internship

Apr-May2024

- Developed and optimized responsive web pages using HTML, CSS, and JavaScript.
- Gained hands-on experience in front-end development and deployment practices.
